Dear Pete,

Good morning and good wishes to you.

This is Tony Farrell writing.

The purpose of this email is four-fold, and as follows:

1. To briefly acknowledge your contribution at the Hillsborough Inquests and your devotion to serve the families you have been representing;
2. To remind you about Muad'Dib's Hillsborough Ripple Effect film and implore you to watch it and take heed of the message within it;
3. To bring to your attention an article about Hillsborough, entitled The Persistent Widow;
4. To impart an important message to you concerning GOD'S LAW, as opposed to "The Hillsborough Law (not law, but legislation)", which you part drafted.

I will now deal with each of these four points in turn.

1. YOUR CONTRIBUTION.

You will doubtless recall that after we met at the Warrington Inquests, you kindly passed on information about Walter Jackson / Andy Hymas to the Coroner's inquest team, via Tim Suter, on my behalf. Again thank-you for that. You will have then sat back and watched the subsequent cover-up and protection of Walter Jackson, when he came before Coroner Goldring a few months later. Why was there no outrage, I ask myself, rhetorically. Was my disclosure so inconsequential, that not a single lawyer dared to mention the obvious, before the corrupt Coroner Goldring, one of the many unjust judges in this whole sorry saga?

It was a huge relief to see the families get a verdict of "unlawful killing" at the inquests. It was the families, not Mrs May's Tory Government, who ensured that.

What does the wretched legal system, responsible for inflicting so much misery on the families for well over a quarter of a century do in aftermath? It does no less than bask in the glory of Hillsborough, and awards its practitioners all manner of self-indulgent honours. The entire system is vile and putrid. Yes, the families of the 96, sorely needed that "unlawful killing" verdict, and the families most certainly deserved that verdict, and thankfully got it, but lawyers, however good, bad, or indifferent, they were, should not be seeking kudos from it, at least not until proper justice has been administered to the real culprits behind the disaster and its cover-up. We are still far from that, as you will see more clearly, if you read on.

I am mindful that you represent Steve Kelly and others and have, through your hard work and dealings with them, gained their respect and trust. You may or may not be aware however, that in recent days, there have been communications exchanged between Steve and I. I want to stress that neither Steve, nor any other member of the families for the 96, know that I am writing to you in this way.

Also, I have just written and released an email to your peer colleague Elkan Abrahamson. It partly, though not solely, stems from observing how your profession views itself, as borne out by this article below.

<http://www.liverpoolecho.co.uk/news/liverpool-news/meet-hillsborough-lawyers-who-deserve-11324237>

Since from now onwards, the message to impart to you, is virtually identical to the the message I have just imparted to Elkan, I am simply now going to copy and paste in the same wording. What applies to Elkan Abrahamson, applies to Peter Weatherby QC, too.

EXTRACT FROM MY EMAIL TO ELKAN

One of my regrets was that I was unable to get to the Inquests when former ACC Walter Jackson attended, and so, I do not know to what degree you personally opposed, the Coroner's disgraceful cover-up ruling which protected the no.1 key witness from any adversarial questioning. From what had been disclosed to the family lawyers, there should have been total outrage and a walk-out when that happened. You must have known that something vital was being covered-up at that stage, in the interest of so called UK police-state national security. You, and the rest of the lawyers, allowed it to happen. I would also like to know whether or not you pressed Goldring for the fifteenth and most important question of all, which demanded being put to the jury. The burning question concerned the notion that the 96 deaths were caused by a deliberate police-state-sponsored act of murder. The abject failure of the families' lawyers to press these points home, shows that, when all said and done, lawyers, barristers and judges are first and foremost, when push comes to shove, working in the best interests of the bar, and the fake queen, and not the families.

2. THE HILLSBOROUGH RIPPLE EFFECT

I hope that by now you will have watched the Hillsborough Ripple Effect film and found it suitably thought provoking and disturbing.

The link to it, is given here: <https://jforjustice.net/thre.html>

Muad-Dib's documentary needs to reach not just all your Hillsborough clients, but to all the families of the 96 and beyond.

This film has already been offered up to some of those families you represent, by the film-maker who goes by the name of Crown Prince Michael, otherwise known as Archangel Michael, JAH, Muad'Dib (Teacher of Righteousness), or to put it even more bluntly than that, Christ in His Second Coming.

It shows Hillsborough in a very different light from the narrative proffered by lawyers on all sides. Contrary to all your focus, almost certainly Hillsborough was an act of premeditated police-state tyranny and murder inspired by financial and controlling greed, and enacted out in secret by power-crazed evil-scheming psychopaths.

3. THE PERSISTENT WIDOW

The Persistent Widow article can be watched here:
<http://jahtalk.thefarrellreport.net/the-persistent-widow/>

The article will help you to check out for yourself the veracity of the above statement, and therefore, hopefully, allow you to come to understand just how prophetically important Hillsborough is, at this precise moment in time. In the article, you will also find that you, and some of your professional colleagues get quite a mention, not least because you are embarking on a course of action that will ultimately have catastrophic consequences for the families, and the nation as a whole. Currently, you have a privileged position of representing a fair few of the families of the 96, but you, and certain members of your profession, having received this stark warning, now stand at a crossroads. With respect, you need to take heed of the messages within this article about Hillsborough and Christ, and not lead your clients down the road to ruin. Understand this, there is nothing whatsoever, honourable about the legal profession, it is awash with unjust judges and underpinned by a system which is diametrically opposed to the very sworn coronation oath which is used to maintain THE LAW. The system in place now, that even so much as allows you to contemplate such treason to God, let alone bring it such legislation to pass, is about to be brought to a shuddering end. That my dear Elkan is the essence of this message and real purpose for writing to you.

4. GOD'S LAW OR HILLSBOROUGH LAW?

By THE LAW, I am talking about God's Law, which contrary to all current practices in the United Kingdom must trump everything, including ALL this Satanically inspired legislation to which the queen has given "royal assent" during her reign. Hillsborough Law is just another example of the Satanic system at work. It deceives.

The current fake queen swore to maintain God's Law to the utmost of her power during The Coronation ceremony. She did that on the Holy Bible, which taught us about God's Law in The Torah. Yet what Elizabeth has maintained instead, represents the exact opposite of her promise to God, and her own time for Final Judgement, after nearly sixty-four years of absolute Misrule and deception of back-sliding Britain and its commonwealth, is nigh. Almighty God is about to bring her wretched unjust legal system to a shuddering end. All who stand for it, will be punished, without exception.

The only Lord, Christ in His Second Coming, having revealed the truth to you about Hillsborough, via His film, is now calling you out, to do something very special indeed, before the second hearing in parliament on 12th May 2017.

In short, you must recant on what you have done in drafting the Public Authorities Accountability Bill. Mr. Abrahamson, as a son of Abraham, Isaac, and Jacob/Israel, you must not act in opposition to God's Law, not now, that you have been warned via this message given to you by a disciple of JAH.

Charlotte Hennessey wrote this on the Hillsborough Law website.

"If anything can come out of living a life of trauma, if there is a legacy, I hope that the Hillsborough Law is just that."

With great respect for Charlotte's pleas, in truth, "Hillsborough Law" is just the opposite of that.

"If anything can come out of living a life of trauma, if there is a legacy, it must be that GOD'S LAW, and not "The Hillsborough Law", is just that."

The only good that can possibly come out of Hillsborough, is if it leads this God-Forsaken nation of ours, back to the restoration of God's Law. Understand this: it is the British, who are "The People of The Covenant"; God is about to severely punish this once great nation, and all the British people, for turning against Him; and this today represents a golden opportunity for you to do something major.

This message just about represents the last chance for the nation to repent and turn back to God. For only if the People of The Covenant do that, will the real perpetrators behind this twenty-eight year Hillsborough cover-up, be fully exposed, fully to the world at large. Only by GOD's LAW, not by more unLawful legislation like the Public Authorities Accountability Bill, will the Truth about Hillsborough be recognised and acknowledged, and acted upon. Anything short of that, will be a sham, and end up being The Great Betrayal of the 96. Having come this far with great credit, the families must not sell out their souls and compromise on The Truth, and fall at the final hurdle. They are being tested by God.

There is only a narrow time window for you personally to act. I suggest you make contact with JAH, without delay, and cease bowing to all the fake queen's lords at the bar. Please read this.

The TRUTH about the British Monarchy; the "Golden Jubilee" (50 year reign) of the queen who never was and The GOSPEL of The Kingdom.

I have copied in Barry Devonside and Anne Burkett into this email, so that they can hopefully come to understand exactly what is at stake here. In particular, I would also especially like Charlotte Hennessey to be sighted on this email too.

I am also copying in Andy Burnham, Maria Eagle and Steve Rotheram.

END OF COPIED EXTRACT TO ELKAN

So Peter, all that I have written in the above extract to Elkan, really applies to you, too. You have worked together to bring this unLawful legislation called Hillsborough Law to the House of Commons, and a critical date of 12th May is fast looming. I implore you to contact the film-maker, Christ in His Second Coming, before the biggest fatal mistake in legal history, is made on that date. If you don't take this friendly advice, the consequences for you, and others on Judgement Day will be dire. You have been warned.

May the peace of The Lord be with you, and upon you.
