## **Vicky flees the babysnatchers**

**CHRISTOPHER BOOKER**

It is a remarkable story. A woman who has been described as a 'babysnatcher' has fled the clutches of an international network of parents determined to seek out their children being cared for in a remote area of the world. She is now in a safe haven in the United States, having been rescued by a group of concerned citizens. The woman, Vicky Haigh, is now in a safe haven in the United States, having been rescued by a group of concerned citizens. *Dear David,*

*I hope this finds you well, in good spirit and having a good day.*

*As you may know, I am reasonably familiar with the Vicky Haigh case, having studied her court files, visited her several times, both in and out of prison, and seen her present a summary of her case in the House of Commons before John Hemming and Austin Mitchell.*

*As you may also know, I have very serious concerns about her treatment by the police and the judiciary and I briefly featured this case in my report to the Police Commissioner Mr. Shaun Wright last year in which the issue was conveniently brushed aside by him. I believe Vicky has been the victim of a very serious miscarriage of justice in a case of alleged child abuse and I have serious misgivings about the role played by some South Yorkshire Police officers in this long running saga. I find this a disturbing case given I worked with colleagues who had responsibility for public protection issues. Some of those same colleagues played their part in getting me the sack when I alerted the force about the plain and harsh truth regarding the 7/7 attacks and the bogus terror threat construct.*

*Elizabeth Watson is, like me, a "truth campaigner" who has paid a heavy price for her exposures on police and judicial corruption. I have often allocated time to read her incisive analysis, even though I have never met her personally. Her written work, usually cuts to the chase.*

*Please see below for her latest poignant email concerning the Vicky Haigh case and the role of South Yorkshire Police. Factually, I think she may be in error over her assertion that David Tune's brother worked for South Yorkshire Police, but that's a minor point. It was my impression that David Tune's brother was a police officer in either Humberside Police or Lincolnshire Constabulary. Either way, Liz Watson's assessment of Vicky Haigh's case is well worth a read. I am copying in Richard Tweed into this email. I did not know Richard that well while in force, but after I was dismissed, he featured positively in one of my prophetic type dreams. I am aware of Richard's role as a District Commander in Doncaster, so I'm sure he'll know all about this case. On one occasion a couple of years ago, I wrote to Richard to tell him about my special dream, but, needless to say, I got the usual non-response. I encourage you all to read and reflect upon what Elizabeth Watson writes.*

*Moreover, please watch this space for a special "Ripple Effect" feature film and website set to be unleashed very soon in which you personally feature, in part, with your talk in February on police corruption and your consideration of Ms. Seven's court case given it is on the record that several senior officers from your force have supposedly been given the joint report to assess. The film and the website will be designed to create maximum shock waves across the utterly corrupt establishment.*

*It is not apparent to me that you or any of your officers have done anything decent whatsoever with Ms. Seven's report. It's quite possible, it has just gathered dust, and none of you have seriously looked at it. I hope I'm wrong on that point. Andy Holt of "Enabling the One Truth" fame, concluded his email by stating that NO ACTION is being taken on Ms. Seven's report at this moment in time. With respect, that seems like a cowardly cop out, from my perspective. I will be temporarily returning to Sheffield quite soon and I fully intend to make my presence felt as it is my calling to never cease to give up on exposing the widespread corruption within the police service and frankly, I am saddened to have to say, I see South Yorkshire Police as an "Achilles Heel" in that respect. I would dearly like you to prove me wrong. Heaven knows I have given you enough ammunition to act during the past four years. Again I make an offer to meet up with you and your Senior Command to discuss these serious issues from my unique vantage point. If there be any good at all in you, the time is approaching where you need to back up your fine rhetoric by some solid "ripple effect" action. There is not long left.*

*Regards*

*Tony Farrell*

FAO Tom Watson MP

Dear Tom

I just want to say "well done" for organising the change.org petition on line, to commence a National enquiry into alleged organised child abuse in the past 2 days. This is long overdue. HM Courts have been abused for the purposes of Organised crime in this arena of child abuse, and in equal measure in the financial crime arena, for a very, very long time. I have two huge stories that I'd like to bring to your urgent attention, if I may. The first is outlined below - which illustrates perfectly how the Family Court was being abused for the purposes of Organised crime - in 2011.

I can confirm that I witnessed first-hand that John Hemming MP knew all along about the County Councils up and down the country who have been rubber-stamping FAKE "Court Orders" in order to obtain illegal care orders on children and minors. He did nothing about it at the time, when I brought this to his attention. His assistant even had said to me "we've suspected this has been going on for some time"...Yet nobody came to my aid when I was illegally banged up in prison, and a smear campaign launched against me, for daring to expose the corrupt practices of Doncaster County Council working in tandem with the Family Court and Principal Registry at the time...I was scapegoated by the corrupt and guilty parties, who were only interested in covering their own backs for 'getting it wrong' - motivated by ££££££££££ paid by the Public purse and taxpayer under the guise of "care orders".

Instead, John Hemming and others watched me being illegally imprisoned without a trial or hearing (for trying to take a stand in the Public Interest to protect a vulnerable child who had been abused evidently by her father, David tune) by the corrupt elements which had taken hold of a SECRET FAMILY COURT non-"hearing" concerning Nicholas Wall sending me down on 20 August 2011 on a 9 month sentence to Holloway prison, on a CIVIL basis of alleged 'contempt of court' (which was never proven, either) - without me even having been served a Summons! and having had no trial or hearing nor even a defence. I wasn't even joined as a party to the case! There was no paperwork on the case!! 't was outrageous. Most appallingly, the court did not look at any of the documentary hard evidence, in Vicky Haigh's favour. By gagging me, justice was heinously perverted. By then imprisoning me unlawfully, they prevented me blowing the whistle on what was going on. I am still reeling from what occurred, all these years later.

Shortly after I came out (after 10 days - and it cost me £6,000 to escape the rat trap), in an understandably shell-shocked state, Vicky Haigh was sent down, for a much longer period of time - based on a totally false 'Non molestation order' which had been drawn up by a scam-artist posing as a "social worker" called LISA BUNN, who signed herself off as a "solicitor" and yet whom the SRA and Law Society confirmed had NO qualification as a solicitor! Yet it was used to allege that Vicky had supposedly "breached the order", which wasn't even validly served on her, and had no record in the Family Court. Again, Vicky did not even get a hearing to defend the "order", made without any court seal as I recollect. The tactics they always use is to deny their victims due process of Law, and to deny them any hearing whatsoever - so the issues NEVER GET TRIED. This is the kind of horror story that went on...but they rendered themselves untouchable, as they rounded on me as soon as I challenged their evil ways.

I can vouch for the fact that the 'social workers' inside Doncaster Metropolitan Borough Council were heartless, evil and cruel, and I've never before seen such inhumanity from a State department - they persecuted Vicky Haigh beyond belief, and left her a nervous wreck, and myself, too (and I'm tough!) The false reporting was enormous on this case - the Press were completely and successfully manipulated for a criminal cover up: this is a fact.

It did not apparently occur to anyone to look at the hard evidence nor to give due regard to the "Restricted" Child's interview with the police when she was only 5 years old – this tells the truth. If justice hadn't been perverted, then David Tune, the suspect, would have been in jail long ago. The corruption within the Police forces is a massive part of the problem, nationally, in preventing and in perverting justice. They abuse their powers and intimidate their victims, using the courts to assist. (The latter is now becoming more difficult, though, with people cottoning on at last)...

All these things are being done for pecuniary advantage: it hasn't yet been publicly exposed that the police are getting easy loans with low interest or special terms from the major banks, who, in return, then illegally protect the criminal 'inside track operators' within major financial institutions and Banks, from prosecution, despite money laundering and Organised Crime, fake court orders and forged 'charge deeds' etc, and they are all heavily involved with trafficking children for paedophile rings to serve the depravities of the 'rich / elite and famous'....it is symbiosis of the worst type, that is why it has continued for so long, and explains why their attacks on anyone who threatens to expose them, have been so vicious.

A myriad of lies were falsely published about me, which were too painful to even read or look at for the past 2.5 years.... only recently have I been able to look at what was written, and it is truly awful how things could have become so twisted and distorted. I am sure that Vicky Haigh and I could name and shame, one by one, all of those who aided & abetted the miscarriage of Justice on her case, and directly caused it, to fulfil their agenda of child abuse and illegal protectionism through Organised Crime.

Regarding your petition, I have shared it with about 100 contacts, who have large networks. I hope you will reach the 100,000 mark very soon. I'd be very grateful to hear if you can help me, by getting this appalling miscarriage of Justice re-opened in Parliament, to highlight and illustrate the very topic that your petition is about – Organised crime that has been used for years to protect illegal / criminal activity and child abuse, and this case of Vicky Haigh's is a direct example of that.

Kind regards

Elizabeth J. Watson
