

THE CON IS NOT ON!

Richard J Hannah

Alfred Webre

Ms. Seven

Priority: Normal

The law says you must come with drew hands. You will not even have case the rostered in a county court let alone our supreme court's if you name the wrong defendants, make unsubstantiated claims or try and tell a judge what to think and you should know that. Every document you have produced breaks basic rules. It's the one thing even junior paralegals know.

None of us have anything to worry about with Seven.

Richard
