Dear Paul,

Good morning.

I hope this finds you well, in good spirit and having a good day.

This is Tony Farrell writing.

I wish to bring to your attention two important things.

Firstly, Muad'Dib / JAH has released a very important film called "The Hillsborough Ripple Effect". The film has been sent to, and acknowledged by your predecessor James Jones, but because it is so different from anything else previously produced on the subject, I thought you would appreciate knowledge of it. I recommend its viewing.

JAH's/ Muad'Dib's Hillsborough Ripple Effect Film can be viewed on the following link: <https://jforjustice.net/thre.html>

Secondly, a new article has been written about Jesus' Parable of The Persistent Widow, as espoused so frequently over recent times, by the former Bishop of Liverpool. It can be read via the link below, and I would urge you to read the article, in its entirety, please.

The Persistent Widow

On your profile, you wrote the following:

"Things are changing in England. In the old days the church had lots of money and lots of respect, and frankly we took all that for granted. Now we've got less money and we need to earn respect, by saying and doing true and real things. I think that's all to the good. We need to be humble as Jesus was humble. A poor church with a rich message for everyone."

Given what you wrote, as quoted above, my hope and prayer is that you will find the article of "The Persistent Widow" to be indeed, a true and real thing.

JAH, mentioned in verse 8 of Jesus' Parable, would particularly welcome any thoughts which spring to mind, especially if you are really serious about giving a rich message for everyone.

Peace be within you and upon you.
