***Dear David,***

***In the light of Professor Alexis Jay's findings in the Rotherham Report and where before the BBC, Jason Harwin of "Enabling the One Truth (Lie)" fame talks about "healing", why don't you, when you come before Keith Vaz on 2nd September, boldly admit to the fact that four years ago, to the day, South Yorkshire Police got it badly wrong, when they sacked their Principal Intelligence Analyst for speaking the truth about the 7/7 London Bombings and the terror threat, as is proved by the "7/7 Ripple Effect 2" documentary and other sources, including your own time in Beeston.***

***You/SYP; with all this dirt coming out, and with more to come, including, but not limited to, Hillsborough and Orgreave; will continue to have more and more pressure put on you and SYP by God, to force you to do something monumental to show that you intend to change and root-out the corruption within SYP, SY Councils and the nation at large, or be seen as the most corrupt police-force in Britain. You claim to want to make SYP the best police-force in Britain, not let it be seen as the most corrupt. So, here's your perfect opportunity to start that process.***

***Just think what a shock-wave telling the truth about 7/7 would cause to the entire nation if you were brave enough to do it. The BBC are obviously now gunning for you and SYP, and you need to win the war against them. 7/7 Ripple Effect 2 and my Seven Dossier will give you***

*the ammunition to do that. If you can't see your way to meet with JAH and me, so that we can help you, then may be instead, God is calling you out at this momentous time, to do the very alternative thing, I suggest here.*

*I ask this, not for any of my own benefit, but for the benefit of SYP and the entire nation. Surely we can't all go on living such a monstrous lie. The pit being dug gets deeper and shortly there will be no way out. This is your valley of decision. Remember Joshua and what mighty works he did, after stating that he and his house would serve the Lord.*

*In the words of Malvolio in Shakespeare's 12th Night: "In my stars I am above thee; but be not afraid of greatness: some are born great, some achieve greatness, and some have greatness thrust upon 'em."*

*Think on these words wisely.*

*Yours sincerely.*
