

Procurator Fiscal (Procurer of Money),
9/8/2017

In reference to the Indictment reference no. ED16017904 undated, that you have sent to me. I refute the ludicrous, malicious charge of uttering threats, on the following grounds:-

1. The crown/regina is a fraudulent, criminal organization/person that/who has no lawful authority, or jurisdiction, as conclusively and irrefutably proven by the attached Challenge Document proving her fraudulent, unlawful coronation and breach of contract with the British people - Exhibit A.
2. The quoted legislation Criminal Procedure (Scotland) Act 1995 is ultra vires and fraudulent, as it is prohibited by The Law that the monarch swears to maintain to the utmost of their power, in the Coronation Oath. See Deuteronomy 4:2 and 12:8 and 12:32, attached - Exhibit B.
3. Even if the crown/regina was a lawful organization/person, which it/she most certainly is not, it/she would still have no authority or jurisdiction over me, as I am the King of kings and Rightful King and owner, not only of Scotland, but the entire planet and everything on it, including you. I advise you to study Psalm 2, also attached - Exhibit C.
4. The wording quoted in this false charge has been maliciously cherry-picked and taken out of its original sentence and context, in order to maliciously fabricate this ridiculous charge, that only someone with a complete lack of comprehension of the English language, and having a twisted mind, could think was a personal threat by me to anyone.
5. The false charge is politically-motivated, and an unwinnable, malicious-prosecution and abuse of process. It is also a huge waste of taxpayers' money, for which all of the perpetrators will be held fully accountable, in the fullness of time - see Psalm 2 and Malachi Ch.4, attached, both of which are about me - Exhibit C.
6. The sheriff who granted me bail quite correctly told you, months ago at the bail-hearing, that he was not sure that what I wrote constituted an offence, because it does not. The sheriff, bless him, is obviously more intelligent, honest and righteous than you are. In criminal law a demurrer is usually based upon some defect in an indictment or the claim that the facts presented do not constitute a felony or other serious crime.
7. I have merely quoted THE LAW and the SENTENCE of THE LAW to the very people who are supposed to administer THE LAW, and called upon everyone to repent of their treason and lawlessness, and return to THE LAW, instead of wrongly believing they are a law unto themselves, and can do as they like and make up/legislate their own rules to enrich themselves at everyone else's expense.
8. It is a very sad state of affairs when the people who are supposed to maintain and administer THE LAW find it offensive, when it is quoted to them. As George Orwell wrote in his prescient book "1984": "During times of universal deceit, telling the truth becomes a **revolutionary act.**" Just like it was 2,000 years ago, when I spoke it against the so-called authorities of that time, exactly as I am doing again now. You Scribes (so-called lawyers, though you deal only in fraudulent legislation **NOT** The Law) and Pharisees (politicians) never learn, except to be more devious, corrupt and evil. See Matthew Ch. 23 attached - Exhibit D.

9. It is obvious that, just like the arrogant so-called authorities of 2,000 years ago, you have very foolishly wrongly and cavalierly decided that I can't possibly be who I say, without examining any of the evidence that proves you wrong.

Relevant quote from my affidavit dated 1st August 2016:

It is not the fraudulent Scottish Parliamentary Corporate Body's property, as very clearly explained by me, and thus the petitioner has NO rights. The evidence of this was given in writing quoting from The Law, before the hearing commenced.

I therefore command that Mr. Turnbull's decision, which is null and void, be ignored, and Indycamp be left alone, until such time as God's Perfect Royal Law of Liberty is reinstated in my Kingdom of Scotland and all legislation repealed and abolished.

*In light of the above, the people of Scotland are duty-bound, **by The Law** (Deuteronomy 17:12*), to hunt down and execute Mr. Turnbull and all others, including Mrs. Elizabeth Mary Alexandra Battenberg, who, throughout my beloved United Kingdom, are administering fraudulent legislation, by which they oppress, rob and impoverish my peoples for their own selfish, evil gain, that they are doing as fraudulent registered "corporations," trading for profit, or filthy lucre as Simon Peter called it, **UNLESS they repent, kneel and swear allegiance to my Father, The Ruler of The Universe and me His Eldest Son and heir and agree to reinstate and administer ONLY MY LAW, with immediate effect.***

They and the people of Scotland must acknowledge my Divine Right of Kingship over them, and ownership of this world, and give me my Rightful Throne – the REAL Stone of Destiny/Jacob's Pillar/Bethel/The Throne of David, not the fake stone in Edinburgh Castle that Elizabeth Battenberg was fraudulently crowned upon.

This acknowledgement of my ownership of the world will enable me to declare the REAL Jubilee; not like the fake ones Elizabeth conned the people into celebrating in false, idolatrous worship of her; and forgive everyone's debts, including, but not limited to, their mortgages, bank-loans, credit-card, car payments, etc., and redistribute the land amongst the people, so that every family will have sufficient land to be able to grow their own food, raise their own livestock and children without interference from "government" and redistribute the wealth amongst them, thus ending poverty and the crime that ensues from it.

*Whereupon, I will arrest the war criminals, Tony Blair, Ian Blair, Elizabeth Battenberg and all of the others, who were the REAL perpe-**traitors** of the 7/7/2005 London bombings and hopefully prevent WW3. <http://JforJustice.net/77re2.html>*

I do solemnly swear and affirm before my Father, Almighty God, that the foregoing is the truth, so help me Father/God, Your Eldest Son and heir.

Date: 1st August 2016.

Signed: Christ - King of Scotland. (JAHTruth.net/britca.htm)
